

Appendix to Constitution

RULES COVERING FREE MEMBERSHIP FOR CARRYING OUT A CLUB DEMONSTRATION

1. A free membership year applies to a member giving a full evening demonstration.
2. Free membership applies / given the following year to the demonstrator. (As the yearly membership fee may have been paid by the member prior to the demo.)
3. Members who give a part / short demonstration can accrue this up to a free membership year by giving a 2nd short demo.
4. Committee members are not included in gaining a free membership year. The reason being, most committee members give up their time at meeting to carry out itemized jobs that they are not given free membership for. It would seem unfair to give a free membership year for a one-off demo.
5. Should a member or committee member give a demonstration they can claim back from the club any expenses incurred to carry out that demo.
